MOLLYCOKETT DAY FEATURE TO BE WOODSMEN'S FIELD DAY

There will be a Woodsmen's Field Day held on Mollycokett Day on July 16, in Bethel. As in the past, Mollycokett Day will be celebrated in the Town of Bethel with many events such as bicycle races, parade, possible skate board competition, Woodsmen's Field Day, Arts and Crafts booths, food and drink, games and music. This year sounds like it will be the biggest Mollycokett Day yet.

The Woodsmen's Field Day will be devoted to the kinds of contests that will enable our own working woodsmen, using tools and equipment which they use in their daily work, to participate in. The events will be such as felling and bucking, splitting wood, crosscut sawing, log rolling and throwing and more. The contests will be open to all and hopefully all who feel they would like to try the skills they use every day will participate. Only standard equipment and tools will be allowed. It should be a fun filled afternoon. There will be prizes for all contests.

Anyone wishing to participate should contact any member of the Bethel Rotary Club or the Lions Club members. Registration blanks can also be picked up at Dr. Shaw's office on Main Street.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen met Monday night, May 23, and acted on a variety of items.

Lennie Shaw met with the Board to explain his request to add an additional weapon to his present weapons permit. Following discussion the Board voted to reconsider their action at the last meeting which tabled the request for 60 days and voted to authorize the new permit for three weapons.

Following this action, the Board directed the Town Manager to draft an ordinance to specify procedures for weapons permit applications.

The Board signed the warrant for a special Town Meeting to be held Tuesday, May 31 at 8 p. m. in the Bingham Auditorium at Gould Academy. Details of the warrant are explained in a separate article.

A quit-claim deed was signed for Wendall Tyler and the Board voted to sell an old office desk to the high bidder for \$85. An executive session was held to discuss an employee's salary and applicants for the summer police officer position.

The Town Manager reviewed the status of major projects with the Board. Approval was given for paying the 3rd quarter hydrant rental in advance to assist the Water District in meeting their debt service payment. The Board decided to take no action in naming a United Nations Day in Maine.

The Manager presented a request from the Recreation Board to install a basketball hoop on the edge of the parking lot behind the fire station. After discussion, it was voted to allow a hoop to be installed on a trial basis with the fire department.

After discussion, the Town Manager was authorized to assist in the planning and to apply for specific public works activities. If the application is approved, a person would be hired for up to 12 months to assist the Planning Board in updating the Town's Comprehensive Plan and with various other information gathering activities. Specific public works projects would include painting of the Airport Bridge, cleanup at the Meadow, painting the interior of the fire station and brush cutting.

The manager read a letter from Michael O'Donnell commending the selectmen on the parking regulation changes made on Main Street.

The Budget Committee met Thursday evening, May 19, and voted to recommend approval for a special town meeting warrant article to raise and appropriate \$5570 for 2-way FM radios for the

SPECIAL TOWN MEETING TO BE HELD TUESDAY, MAY 31 AT BINGHAM AUDITORIUM

The Bethel Board of Selectmen have scheduled a Special Town Meeting to be held Tuesday, May 31 at 8 p. m. in the Bingham Auditorium at Gould Academy.

The main purpose of the meeting is to take further action on an article to amend the Flood Hazard Building Permit System and Review Procedure adopted by the Town March 3, 1975. Action on this article was tabled at the March Annual Town Meeting with the Meeting voting that action be taken prior to June 1, 1977, the date the Federal Government required that these amendments take effect.

As a result of the concern over the impact of the proposed amendments expressed by citizens at the Annual Town Meeting, the Board of Selectmen and Planning Board wrote the Federal Flood Insurance Administration requesting a variance for the Town of Bethel. Conversations have been had with a representative of the Flood Insurance Administration; however, it's felt that sufficient information is not available to recommend specific action by Town Meeting at this time.

As sufficient information is not available to fully consider these amendments, the Selectmen recommended that action again be tabled and that further action be taken as soon as the information is available, but no later than the 1978 Annual Town Meeting.

A second article is to see if the Town will vote to raise and appropriate \$5,570 for 2-way FM radios for the highway department for this purpose was defeated at the Annual Town Meeting by four votes.

The Radio Study Committee reviewed the action taken in March and requested a revised amount of \$5570 be included in this meeting warrant. The original figure has been lowered because the Highway Foreman, by also being Fire Chief, now uses one of the Fire Department radios and an additional radio for his pick-up is not necessary at this time.

This amount of money would provide for a remote control unit at the highway garage (from the base at the Fire Station), (4) mobile units, (1) combination mobile and portable unit, and (1) one console for a mobile/portable unit. The Budget Committee recommends approval of this article based on cost saving and employee safety factors.

A third article will deal with the adoption of a new Fire Department Ordinance to replace by-laws in effect since 1956. State statute changes in 1974 and 1975 regarding municipal fire departments have made it necessary for Bethel to change its local ordinance.

S. A. D. #44 BOARD AGAIN POSTPONES DISTRICT MEETING—NOW SET FOR JUNE 15

At a meeting held at Telstar Regional High School on Monday evening, the S. A. D. #44 board of directors again postponed the annual district budget meeting. The new date of the session for decision on the fiscal year 1978 budget is Wednesday evening, June 15, at 7:30 at the Telstar Auditorium. The Maine legislature is still deliberating proposals that effect portions of the district budget and the annual meeting warrant. There will be a special board meeting called for warrant completion as soon as legislative decisions are ascertained.

As there were still items to be resolved between the board and Local 2010, AFL-CIO (custodians, bus drivers and hot lunch personnel) action on ratification of an agreement was postponed.

The directors authorized the posting of the Telstar social studies vacancy created by the resignation of Richard Collins.

The board approved two field trips at the elementary level: 45 students of grades 5 and 6 at Andover to Norland, Little Time Machine Journey into the Past, as a culmination to their study of the American Way of Life; 37 students of grade 4, Crescent Park School, to Reid State Park.

Supt. Edmund Smith informed the board of well problems at Telstar. One of the wells is producing about seven and a half gallons of water a minute, and the other three-quarters of a gallon a minute. Attempts are being made to locate a well on the property used by the contractor during the school's construction. It was estimated that at least 40 gallons a minute is needed to supply building needs and an adequate reserve. Board members absent Monday evening were Gerald Schachter of Andover, and Andrew Hinkley of Woodstock.

Northwest Bethel

—Clarice Gibson, Corres.—

What contrasts in weather. The 10th it was freezing rain; yesterday it was 102° and this morning it is back down to 52°. We have still not had any rain since the 10th and once again may I caution everyone that the fire danger is high.

The hot weather has brought out many of the flowers; but, also, because of the dryness, their duration is short. The Homer Smith's flowering crab came out in all its glory this week and has already begun to fade. Such a short period of time for anything that beautiful. There again, probably, the habit of talking in its few days of glory as after a few days by a beautiful scene we so often just take it for granted.

The lilies seem to have a brighter hue this year and the smell is so fragrant. I am afraid, though, that anyone in the habit of taking these lovely flowers to the cemetery will be disappointed as they are quite apt to be all faded.

Wednesday night my nephew and wife, Mr. and Mrs. Benjamin Tucker III and son Ben IV, came for a visit. Ira had a good time playing with him (he is three) and after they left he said "Mama, I told you I wanted a younger brother."

Thursday night Mrs. Gerry Shimamura, Mrs. Thelma Merrill and Miss Sheila Thurston, went to the band concert at Telstar in which the two Shimamura boys played. Billy plays trumpet and Jody plays slide trombone.

Mr. and Mrs. Bruce Smith and Matthew from South Paris, were were at their parents, Sunday to help Andrew (Andy) Smith celebrate his 8th birthday. Andy also had his friend Jimmy Orino there.

Christine Smith is now working at Clukey's Drug Store, Bethel.

We are sorry to report that Mrs. Robert McCoy, who was taken by ambulance earlier in the month to a hospital for a broken bone and brought home, is as her son put it "flat in bed."

Everett Saunders and Frank Gibson planted potatoes Saturday in Benson's field where Hop Saunders had been having his garden. Unless we have some rain, doubt if they will sprout; but at least they won't be rotting either.

Friday, May 20th, Matthew Laban, son of Mr. and Mrs. John Laban, celebrated his 8th birthday. Guests were Mark Wilson, Andy

Smith, Michael Roy, Brian Haegle, Ricky Merrill and his grandparents, Mr. and Mrs. Casey and great-grandmother, Mrs. Carroll from Reading, Mass. Games were played and cake and ice cream were served. Mr. and Mrs. Casey and Mrs. Carroll stayed over night and went home Saturday. His sister Amy and brother Christopher also helped celebrate.

Sunday the Laban's ewe had twin lambs. Will have to go see them before they all grow up.

Saturday night, Roberta Saunders and David Hunt went to the senior prom which was held this

year at Bethel Inn. Roberta, I believe, is the only one on our road graduating this year.

Scott Mason, son of Charles and Ruth Mason and Roxanne Mills, daughter of Mr. and Mrs. Robert Mills, Hanover, and niece of Homer Smith, Jr., Northwest Bethel, were married Saturday evening at 7 o'clock in the Congregational Church, Bethel, Rev. Thomas Caton officiating. The couple are going to be living with his folks.

Benjamin Gordon from Long Island, N. Y., is visiting friends in Bethel area.

Wednesday, Sue Farrar took the

third act of Hansel and Gretel to the Ledgeview Nursing Home. Kristy and Sheri Angevine both had dance numbers.

Saturday evening, Mr. and Mrs. Dick Angevine went to the Legion Dance in Bethel with the Holden Brothers for an orchestra.

Sunday the Dick Angevines took their family for a picnic at the Crooked River Picnic area. This is in Harrison and a beautiful and cool area.

People have been working on gardens but with the dry weather don't know if they should plant or not.

Future Shock!!!

Who would have thought that we'd ever look forward to an annual inflation rate of 6% with an emotion close to ecstasy? Yet, today that's what we're doing. The reason, of course, is that after three successive years averaging better than 9%, 1976's 6% increase looks pretty good. Don't be fooled—6% inflation is high. At that rate prices double in 12 years.

What would happen to housing prices with a 6% yearly cost-of-living increase? A home that cost \$45,000 now would increase to \$90,540 in 12 years. In 20 years it would cost \$144,372. In 30 years it would sell for \$258,456.

What does all this mean? Whatever your age, you must find a way to create an income in addition to your pay check. Although there is no such thing as the perfect investment, real estate may be the nearest thing to it. It can be an income producer, a shelter from high taxes, and an ideal protection from the ravages of inflation. Real estate values historically increase faster than general inflation prices and maintain a higher value than most assets in depression. The ideal hedge.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 80 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

LAST PACK MEETING

Next Tuesday, May 31, will be
the last Pack 566 meeting before
the summer and all Cubs and par-
ents are reminded to attend. The
meeting will start at 7 p. m. in
the Bethel Savings Bank.

All Cubs are to bring their
genius kit projects for judging
and display. Prizes will be awar-
ded to the three most ingenious
results. It is also important that
all Cubs attend so they can partici-
pate in the summertime activities

planned for June, July and Aug-
ust. Medical forms for Camp Bo-
mazeen (July 30-31) will be given
out and these must be returned
to Cubmaster Al Barth if the boy
is to attend the camp. On June 11

there will be a field day at Farm-
ington for all the packs in the
Snowshoe District. A parade, races
and a chariot race will be held.

All Cubs will receive a patch and
ribbons will be awarded to the
winners of the various races.
Pack 566 cleaned up in the ribbon
department last year when the
field day was held at Gould. Don't
miss any of these activities. See
you at Tuesday's Pack meeting.

WOODSTOCK ELEMENTARY
NEWS

To end their unit on rocks and
minerals, Mrs. Johnston's Grade 3
class, Woodstock Elementary
School, visited Mr. Larry Arsenault's
science class at Telstar Regional
High School on Friday.

He told them about different
ways rocks are made and had sev-
eral samples to show them. Along
with the samples he had micro-
scopes set up with different things
to look at also. Especially enjoy-
able was the "fishing."

Thank you, Mr. Arsenault, for
the preparation and time spent.

We enjoyed it.

YEAGER - STOLSKY

Randy Yeager of Holt, Mich.,
and Mrs. Jackey Stolsky of Holt,
Mich., were united in marriage on
May 12, 1977, by the Reverend
Thomas Caton of Bethel, Maine.

Serving the groom as best man
was Arthur (Joe) Taylor of Gilead,
Maine. Serving as witness and ace
photographer was Wayne (Zek) Taylor,
also of Gilead.

The double ring ceremony took
place on top of the Root Overlook
in Batchelder's Grant, Maine (pop.
0). In the background was the
beautiful Wild River, and the Car-
ter Moriah Range of the White
Mountains. The bride picked a
bouquet of wild flowers along the
half mile of trail leading to the
Overlook.

The bride and groom would
again like to give a special thanks
to Reverend Caton for such a
beautiful wedding ceremony.

—Mrs. Ralph Kimball, Corres.—

For the second time this spring The Bethel Fire Department was called out to a woods fire near the home of Mrs. Marian Rich, Monday afternoon, when an outside fire got out of control. Sympathy of this neighborhood is extended to the family of Chester Wheeler.

William Bancroft was at the Norway hospital Tuesday for tests and x-rays. Bill was a good neighbor one day last week and helped Laura Pinkham clean up her lawn which was much appreciated. A good neighbor is a lot to be thankful for.

Mrs. Laura Pinkham went with the Hugh Stearns Sunday to visit Mrs. Janice Morrell in Auburn.

Recent callers of Mrs. Ralph Kimball were the Herb Adams of Hanover, Mrs. Steve Bean and children, Otisfield; Mrs. Arva Bessey of Hanover; Mrs. Marion Ladd of Rumford Point, Mr. and Mrs. Jack Parsons and Dr. Leonard Shaw.

The annual meeting of the Songo Cemetery Association was held Sunday afternoon at the home of Mrs. Ralph Kimball. The incumbents were re-elected. Arthur Kimball was elected to serve on the board of directors in place of Lawrence Kimball who is living in Pennsylvania. The new by-laws were accepted. It was decided to have a food sale instead of a supper this year. The clean-up crew did a commendable job and the cemetery looks very nice except for a lack of rain.

Mr. and Mrs. Jack Parsons attended the retirement party Saturday evening for the minister of the South Paris Methodist Church.

Mr. and Mrs. William Bancroft entertained his sister, Mrs. Thelma Merrill and friend, Mrs. Fern Deming of Norway at dinner, Sunday night in honor of Thelma's birthday.

Walter Lapham of Searsmont visited the Howard Lapham's Saturday and Mrs. Marion Arsenault, Sunday.

Greenwood City

— Mrs. Colista Morgan, Corres. —

Right now a thousand orchards are in bloom, and among their lovely blossoms the resplendent orioles with songs of joy weave in and out. We usually associate them with apple and cherry blossoms. In all the world there is no lovelier thing than a crab apple tree on a hill. It is pink and white glory. Our oriole arrived early in the week and has called continuously from the ash tree by the pond or from the apple tree by the drive way. He seems to say, "Here, here, up here, pretty, pretty."

May always brings so many things. The lemon-yellow stars of the daffodils have been in bloom looking like a fragment of stolen sun. The skies so blue signal long summer days to come. Those dandy little fellows dressed all in yellow grow on greenening lawns much to the dismay of the owners. I have been out fishing and boating a couple of times this week. I'm one of those still-fishermen, quiet and patient. There is always something soothing and reassuring in a boat on a pond or river. I enjoy the mud turtles on logs, the beat of the kingfisher's wings, and the dragonflies. They are sometimes called mosquito hawks. . . an apt name, since mosquitoes are a favorite prey. Their songs are interesting, too. Their songs are both lonely and sociable, contented and full of nameless sadness; a song that swells the singer's throat until it is nearly the size of the little frog's body. They were singing lustily from the cattail patch.

My first afternoon I went down pond where I could throw my line out and just sit back and wait. The trees spread out their arms to keep me nice and cool. From the woods came the music of the thrush, the buzzing of the bees bringing a concert of haunting melodies.

The year's first flush of color was on the limber twigs. In places the water striders were out walking. These bugs have waxy hairs on their feet enabling them to skate without getting their feet wet.

The hump-shouldered bittorn, with his peculiar character gave one call. I was especially happy to know he was back. Last year he wasn't heard all summer.

Meanwhile, I fished and caught a bass, a fighter. I moved down to the end of the pond and found a rhodora which matched mine in full bloom out back. Emerson describes it best in his poem.

"In May, when sea-winds pierced our solitudes,
I found the fresh Rhodora in the woods
Spreading its leafless blooms in a damp nook,
To please the desert and the sluggish brook."

The wind as usual had come up so I had a nice pull on the oars coming home.

As I write this the sun sinks behind the hills leaving a rosy glow gradually fading into twilight; the magic time of lengthening shadows, when dew finds its way in to flower cups leaving a deposit of crystal jewels on the tiny flowers.

Mr. and Mrs. David Holt were home for the week end returning to Princeton on Sunday.

Doris Hayes and I attended the O. C. R. T. meeting in Oxford on Saturday.

Ann Holt, Bethel, was home on Sunday to visit with her family. I accompanied several other teachers to "Town and Country" Saturday evening where we met with James Johnston for an evening of sociability. All had taught with him at some time. We wish him success in whatever field he chooses in the future.

Ruth Hastings, Fay Holt and I had supper with Ann Holt, Tuesday, then attended the Mt. Washington History class.

Del of Auburn and Duane Hayes of West Paris, were at the Hayes Homestead, Saturday. Glen Hayes and family, Gray were there on Sunday.

OFFICERS INSTALLED BY JACKSON-SILVER POST & UNIT

A 6:30 supper preceded the May 19 installation of officers in Locke Mills of the Jackson-Silver Post and Unit, American Legion and its Auxiliary, No. 68.

The new heads, Commander Hermon Cummings, Jr., and President Sylvia Dunham took over from the retiring couple, Cleveland and Cathryn Lovejoy, who have served for two and three years respectively.

Commander Cummings' father, mother and sister, Joyce Hathaway, are Past Post and Unit leaders. The Legion home began as a little school house in which his dad went to school. It was moved to its present site from Albany and added on to, thru the years.

The majority of the supporting officers are serving again, the exception being Comrade Raymond Hakala, the Sergeant at Arms. Stanley Sargent was named Americanism Officer. The Unit voted into membership the Commander's wife, Nancy Cummings. Welcome aboard!

The installing team was District Commander Robie Wagner, and District President Barbara Chabot, both of Livermore Falls, ably assisted by Jeri Brooks, Bethel, and Edward Roach, Rumford, as Sergeant at Arms. The chaplains were Laura Alvino, Livermore Falls, and Roland Haggett of Norway. At the piano was Comrade Edwin Pinkham, of Waterville, who played for both ceremonies.

The retiring couple was presented their past officers pins and a National Commander Bill Rogers' mug.

Guests included VAVS Representative of Togus, John Waller; Past Commander Carolyn Brooks, Josephine and Edna Smith of Bethel; Barbara Roach, Rumford; Sharon Welch and Sadie McLaughlin of Mexico; Virginia Brown, Bryant Pond; Noreen Fortier of Greenwood; Lillian Lapham, Rachel Cummings and Ruth Mason of Locke Mills. All were grateful that Comrade Charlie Mason could be present.

The ceremonies closed with a prayer by Chaplain Cummings. Next meeting is June 2.

The days are hot
The sun is bright
So call on G.A.N.
He'll haul it right.

Albany HUNT'S CORNER AND VICINITY

Kathy Bennett, Corres.

The weather is so beautiful. The only problem being the lack of rain. I decided to come outside to write this but the pesky bugs are driving me nuts! The boys don't get many bites, they don't slow down long enough for a bug to light on them!

Callers at the home of Sarah Andrews this last week have been Ruth Bean, Shirley Corbett and Stacy Bean of South Paris, Mr. and Mrs. Tim Kavanaugh, Diane Leighton and boys, Mr. and Mrs. Wayne Andrews and Kelly and Kipp Pierce, Sarah's sister, Bertha Kinnell had supper with her on Wednesday night. They spent the evening visiting.

Sunday callers at the Barton farm were Mr. and Mrs. Roger Barton, Mr. and Mrs. Wesley Moulton and Mr. and Mrs. Don Laine of North Waterford.

Michelle Parsons and Darlene and Pammy Barton spent the week end visiting their aunt and uncle, Mr. and Mrs. Franklin Barton.

Recent visitors at the home of Mr. and Mrs. Hugh Stearns have been Kathy and Doug Bennett, Norman Crockett, Walter Lapham and friend, Ruthie and Edwin Bumpus and Dean Peaco. On Sunday Hugh and Edith took Laura Pinkham and went to Lewiston to visit Janice Morrill and family.

The Doyle boy from Vermont spent the week end with Alva Morrison in Ketchum.

The water must be warm enough for swimming by the way cars are going back and forth to the Lett S.

NEW TELEPHONE SERVICES

SOON TO BE INTRODUCED

Customers served by the Continental Telephone Company in Andover, Bethel, Hebron, Locke Mills, North Norway, Poland, Roxbury Pond and West Bethel will soon be joining a sophisticated new electronic handling system now being widely introduced in Maine for the first time. Called the Traffic Service Position System, or TSPS for short, the new arrangement allows operators located in Portland, Lewiston, Bangor and Dover, N. H., to act as a single team in aiding customers placing long distance and other calls.

Peter H. Troy II, local manager for Continental Telephone at its Raymond office, said the company is planning to mail special announcements to all of its customers before the new service takes effect. He emphasized that there will be no change in the way customers dial local calls, or station-to-station long distance calls. Planned out-of-state calls are: North Norway, June 8; Bethel, June 7; West Bethel, June 8; Locke Mills, June 9; Andover, June 14; Roxbury Pond, June 15; Poland, June 16; and Hebron, June 20. At the same time customers of New England Telephone, and other telephone companies will also be making the switch, so that by the end of June the changeover in this area will be complete.

Troy said Continental Telephone customers in the Fryeburg-Lovell and Upton areas, whose long distance calls are handled through New Hampshire, will be part of a TSPS network now in the planning stages for that state. Because

of the time and expense involved, it is not possible for all of the call switching offices to be converted at one time. However, by the end of 1979, it is expected that all telephone customers in the three northern New England states will have been converted to the new system.

Mrs. Adeline Dexter has returned home following a week at Rumford Community Hospital and several days spent with her daughter in Rumford while continuing to have therapy at the hospital.
